DEX Recommendation Report Professional Services Packages

INTRODUCTION

In today's digital workplace, a positive digital employee experience (DEX) can make all the difference in attracting, retaining, and engaging top talent. To help our clients improve their DEX, we are excited to introduce our new DEX Recommendation Report Professional Services packages.

Our Professional Services packages are designed to provide our clients with comprehensive solutions for improving their DEX. We offer three different packages to meet the unique needs of our clients:

- Our **DEX Recommendation Report Only** package provides clients with a detailed assessment of their DEX and recommendations for improvement.
- Our **DEX Recommendation Report Assistance** package offers additional support for clients who have already generated a DEX assessment report and require assistance in implementing recommended changes.
- Our **DEX Recommendation Report Full** package offers a complete solution for improving your DEX, including assessment, recommendations, and support in implementing changes.

What makes our DEX Recommendation Report Professional Services packages unique is our team's extensive expertise in improving digital employee experiences. We work closely with our clients to understand their unique needs and goals, and we customize our services to meet those needs. Our packages are designed to be useful, engaging, and empowering, providing clients with actionable insights and guidance to improve their DEX.

If you're looking to create a positive and productive digital workplace, our DEX Recommendation Report Professional Services packages can help. Contact our team today to learn more and schedule a consultation.

BENEFITS

OBJECTIVES

DEX Recommendation Report Only

- A detailed assessment of your digital employee experience (DEX) that can help you identify areas for improvement.
- Clear recommendations for improving your DEX based on best practices and industry standards.
- An objective, third-party evaluation of your DEX that can provide you with valuable insights into your employees' experience.

- Provide a detailed assessment of the customer's current DEX
- Identify specific areas for improvement, such as the quality of digital tools and platforms, accessibility, and support available to employees
- Provide actionable recommendations for improving the DEX
- Help customers take a proactive approach to improving their DEX
- Increase employee engagement, productivity, and retention

DEX Recommendation Report Assistance

- Additional support in implementing recommended changes to your DEX.
- Assistance from our experienced professionals to help you overcome any obstacles or challenges you may encounter in implementing recommended DEX improvements.
- Customized guidance and recommendations tailored specifically to your unique needs and goals.

- Provide additional support to customers who have already generated a DEX assessment report and require assistance in implementing recommended changes
- Provide support to implement 5 or 10 recommendations to improve the customer's DEX
- Help customers make concrete improvements to their DEX more efficiently and effectively
- Reduce the time and resources required to implement DEX improvements

DEX Recommendation Report Full

- A complete solution for improving your DEX, including assessment, recommendations, and support in implementing changes.
- A comprehensive evaluation of your digital employee experience that provides a holistic view of your DEX, along with clear recommendations for improvement.
- Ongoing support and guidance from our experienced professionals to help you implement recommended changes and achieve your DEX goals.

- Provide a complete solution for improving the customer's DEX, including assessment, recommendations, and support in implementing changes
- Provide a single report, assistance to implement 5 or 10 recommendations, and additional support for ongoing improvements to the customer's DEX
- Take a holistic approach to improving the customer's DEX, addressing a wide range of factors that can impact employee engagement, productivity, and retention
- Help customers take a proactive approach to creating a positive and productive digital workplace
- Help customers achieve their business objectives and gain a competitive advantage.

Overall, the potential benefits of these packages include gaining a better understanding of your employees' digital experience, identifying areas where you can make improvements to boost employee engagement, productivity, and retention, and receiving customized guidance and recommendations tailored to your unique needs and goals.
